TO THE PARENTS OF CHILDREN IN THE FRENCH IS PROGRAM

GENERAL MEETING & ELECTIONS

To the parents of French IS students in the five Miami-Dade County Public Schools offering the French International Studies Program: Coconut Grove Elementary School, Sunset Elementary School, G. W. Carver Middle School, International Studies Charter High School (ISCHS) and Middle School, and International Studies Preparatory Academy,

FIPA needs your involvement today more than ever! If your children attend one of the above-mentioned schools, it is very important that you attend the upcoming FIPA general meeting and elections. Come to learn about the reasons why **your** action is deeply needed all year long to support the French IS Program in our schools so that we can help to maintain and improve the quality of our children's bilingual education. Everyone is able to contribute something, in some way. It is not only the duty of others to ensure the future of your students--we are most successful when everyone takes a share of the work.

We hope you'll be able to give one hour of your time on March 22. Meet us in the auditorium at Coconut Grove Elementary School at 6 p.m. Ask questions, understand what is going on, and learn about what FIPA is doing for almost 1,000 students in 1st to 12th grade. Find out how you can help and become part of the action.

Board Members for the 2017- 2018 school year will be elected at the end of the meeting. Consider becoming part of our great team!

We hope to see you all there.
Sincerely,

Roger Pardo
President, FIPA
